TRUSTEES.

APPOINTED MARCH 12, 1807. RESIGNED IN 1811.

[The Charter of Incorporation was granted by the Regents of the University to the Medical Society of the County of New York as a College of Physicians and Surgeons in which "all the members of said Society, and all the physicians authorized to practice in said city, are declared to be Trustees, or members of the said College, and are duly incorporated as such." This Charter contained a full reservation to the Regents of "right to alter or amend the Charter in every respect, and to remove the Trustees, or any of them." The Regents retained the appointment of the Professors, and the Trustees were granted the right of their own President and other officers. By the amended Charter, March 3d, 1808, the Regents were empowered to appoint the President and other officers instead of the Trustees themselves.]
